

- Our Website Integration service provides sales and customer support for your callers 24/7/365, including weekends and holidays. Consumer communication and lead generation come through a variety of media channels including catalogs, magazines, television, radio, direct mail and the internet. Whether you are selling products, services or building a lead list, our professionally certified Call Agents are here to respond.
- Our Agents have the ability to log onto your website and facilitate product orders or process pre-qualifying screening questionnaires for potential clients in a secure manner while inputting data in real time.
- Each of our call taking stations is equipped with dual monitors which enables our Call Agents to view your specific navigation and access your website in a quick and cost effective manner. Our Website Integration service is ideal for businesses in industries that require 24 hour live support such as Order Entry/ECommerce, Finance, Property Management and Real Estate just to name a few.
